

FACILITIES FOR WOMEN

(Facilities of safety, security and other provisions for women to work productively)

Safety and Security

Our institute has kept safety and security concerns on priority by taking note of the following common college security issues:

Contact Details: To ease concern among everyone from teachers and staff to parents, we implement communication systems with the help of keeping the contacts records of students, faculty, and parents/Guardians to ensure that everyone receives the necessary information in the case of an emergency.

24/7 Surveillance:

- ❖ Our premises have hi-tech or high-value CCTV equipment on site which protect criminal damage, theft, vandalism, eve-teasing.
- ❖ A fire extinguisher is established to extinguish or control small fires, often in emergency situations.

Medical Emergency:

- ❖ First Aid: First aid is provided to the needy by Pharm D faculty in the First Aid Room.
- ❖ During medical emergencies, students are sent to the Multi-specialty Hospital accompanied by faculty.

Clearance and Security Check for Visitors and Staff:

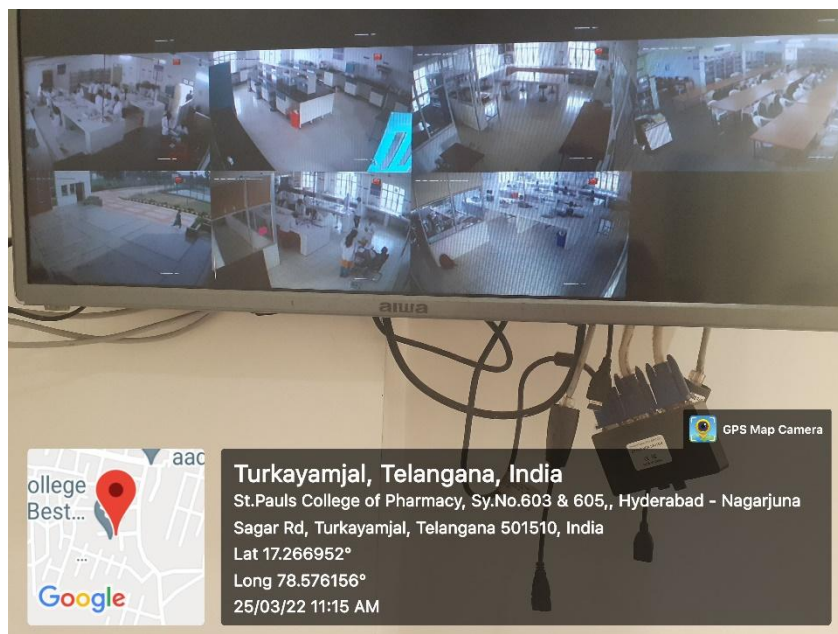

- ❖ Similar to the idea of enclosing the actual buildings, we screen visitors for safety before clearing them to enter the college premises.
- ❖ This screening process before entering the premises to be sure that visitors do not pose any security threat.

Educating Everyone

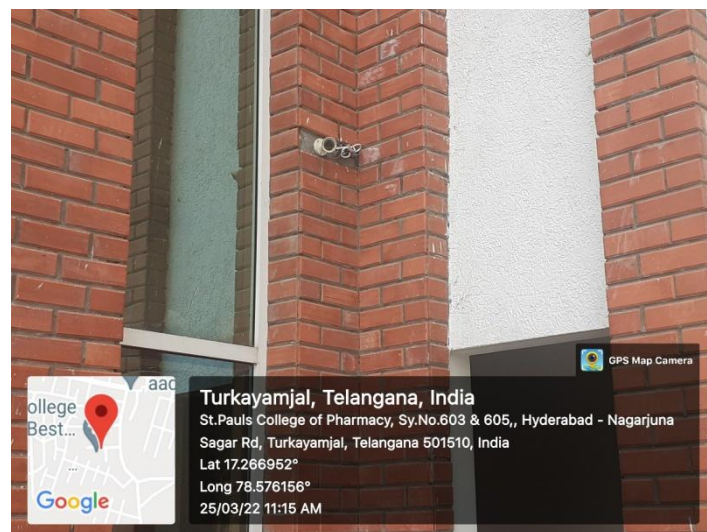

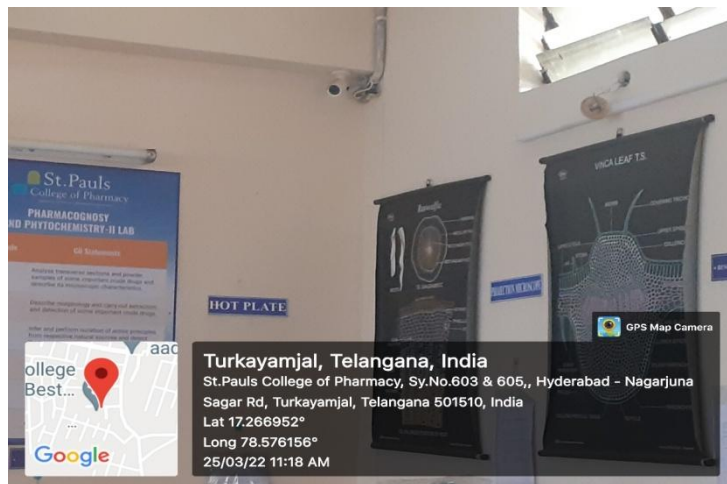

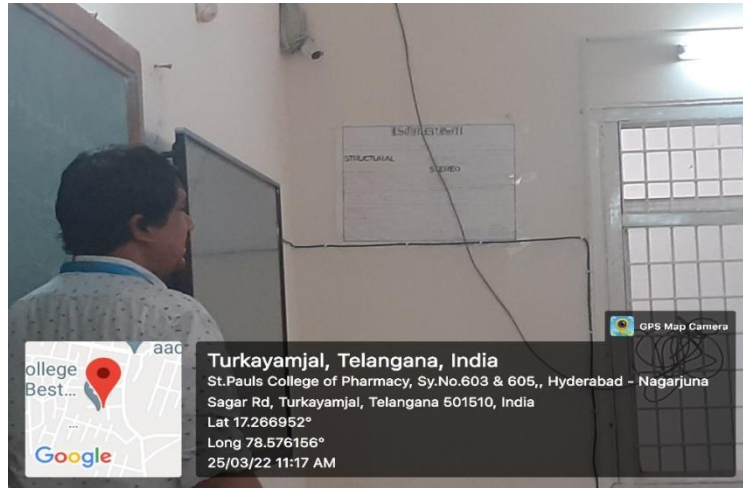

- ❖ Students along with faculty and staff are trained on being security conscious. Making everyone alert, including students, to increase the probability that potential threats will be promptly reported. In this training, students are encouraged to speak up if they ever see or hear anything suspicious or concerning.

Access Control:

We have given students access cards (ID) that allow them entry into the necessary buildings but restrict access for others. Other related access control measures include security cameras, headcounts of how many people are where, and simultaneous management of multiple locations.

CC TV Cameras

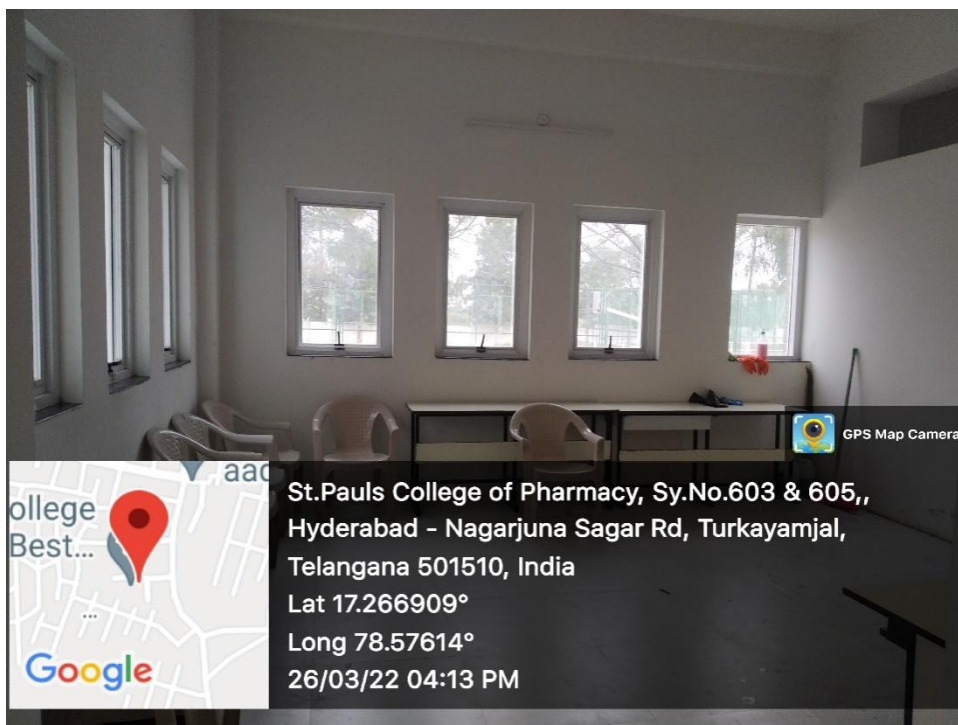

Counseling

- ❖ The Mentor-Mentee system is effectively implemented in the college and a group is allotted to a respective faculty member.
- ❖ Mentors are assigned to take care of students' work progress, wellbeing, and safety.
- ❖ Individual counseling sessions are organized to provide the right knowledge of dealing with any sociopsychological and study-related issues which proves much beneficial for them.
- ❖ Our faculty has also taken a charge of Counseling Parents as well as Students to ease the tensions relating to education or other matters which will impact on academic issues.

Common Room

- ❖ The College provides common rooms, for the Faculty and Students of the college for healthy recreation and mutual contact among the students.
- ❖ To facilitate our students, the Campus has established spacious and comfortable common rooms.
- ❖ This space has been designed to give students a place to relax, study, have informal discussions in their free time available.
- ❖ There is provision for a few indoor games.
- ❖ Newspapers and Journals are also placed in the common reading room for the use of the students.
- ❖ Peons are attached to the common rooms to cater to the small needs of the students.

Other Facilities

- ❖ A full-fledged Transport department functions in the college with buses to provide transport facility to students and staff from various places ensuring a hassle-free and safe transportation.
