ST PAULS PULSE

An SPLP Belonging

ABOUT THE INSTITUTE

St. Pauls College of Pharmacy was established in 2007, approved by All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), New Delhi and affiliated to Osmania University, Hyderabad. NBA for B. Pharmacy Course for the period of three years (2021-22 to 2023-24) The college is situated in a serene and beautiful campus which is conducive for imparting quality education, helpful for the growth of knowledge and career building. The College has provided excellent credentials in the field of Pharmacy Education with a clear focus on the peaceful learning environment and sophisticated infrastructure.

HIGHLIGHTS OF THE INSTITUTE

- NBA for B. Pharmacy Course for the period of three years (2021-22 to 2023-24).
- ISO Certified Institution.
- Acquired NSS Unit from Osmania University.
- NIPER -2019, All India – 1st Rank, GPAT -2019, All India – 7th Rank, TSPGECET-2019 – State 1st Rank.
- 90% of our appeared students have qualified TSPGECET -2019, out of which 23 students secured below 1000 rank.
- TSPGECET-2020 – State 6th Rank, TSPGECET-2021 – 42 Students Qualified.
- MoU's with Pharma Industries, Universities & State Government Research Organizations.
- One among the top IPA-SF student chapter in India.
- Far ahead in crisis management during pandemic (2019-21).
- Significant contributions to communal services from Pharm.D department.
- Placements in multinational companies.
- Successful Conduction of national & international level competitions for faculty and students.
- Student governance & student centric education.
- Strong Mentoring system.
- Research and Innovation Eco-System.
- Organization of need based workshops, conferences & seminars (blended).

VISION

To be the most reliable source for education, teaching, research in pharmaceutical and allied sciences to serve the needs of the healthcare system.

MISSION

To train and develop the students into professional pharmacists through innovative teaching-learning and research methods with the objective of student centric education.

QUALITY POLICY

Nurturing the students with quality education and overall development in Pharmacy and allied fields through dedicated faculty and state-of-art infrastructure.

EDITORIAL MESSAGE

A Pause on everything: After Covid-19

Introduction-

Since the worldwide coronavirus epidemic emerged last year, people's lives have been severely disrupted. There may be a perception that people have acclimated to the situation better since then, but in reality, it continues to be a major source of tension around the globe. In spite of all the disasters that have occurred in the real world, COVID-19 will be remembered as a true test of human resilience by sociologists.

The unexpected nature of the event provided a unique window into the interplay between the healthcare sector, the government, and the economy. COVID-19 draws attention to the gravity of preexisting issues including wealth inequality and public health concerns, both of which have the potential to become more widespread in the near future. Therefore, it is essential to develop the specifics of the strategy for mitigating the effects of a pandemic.

Getting vaccinated: Side effects after getting a COVID-19 vaccine can vary person to person.

Some people experience a little discomfort and can continue to go about their day. Others have side effects that affect their ability to do daily activities. Side effects generally go away in a few days. Adverse events are rare but can cause long-term health problems. They usually happen within six weeks of getting a vaccine. Presently the impacts of COVID-19 in daily life are extensive and have far reaching consequences. These can be divided into various categories:

Healthcare-

- Challenges in the diagnosis, quarantine and treatment of suspected or confirmed cases.
- High burden of the functioning of the existing medical system.

- Overload on doctors and other healthcare professionals, who are at a very high risk.
- Overloading of medical shops.
- Requirement for high protection.
- Disruption of medical supply chain.

Economic-

- Poor cash flow in the market.
- Significant slowing down in the revenue growth.

Social-

- Service sector is not being able to provide their proper service.
- Cancellation or postponement of large-scale sports and tournaments.
- Avoiding the national and international travelling and cancellation of services.
- Disruption of celebration of cultural, religious and festive events.

Postponement of examinations-

This COVID-19 has affected the sources of supply and effects the global economy. There are restrictions of travelling from one country to another country. During travelling, numbers of cases are identified positive when tested, especially when they are taking international visits. All governments, health organizations and other authorities are continuously focusing on identifying the cases affected by the COVID-19. Healthcare professional face lot of difficulties in maintaining the quality of healthcare in these days.

SHARPENING MINDS

St. Pauls College of Pharmacy
INITIATIVE FROM IIC, ST. PAULS
GPAT MOCK TEST
ON 12-02-2022 at 10:00 AM

COURSES OFFERED

- B. PHARMACY - 100
- PHARM.D - 30
- PHARM.D(PB) - 10
- M. PHARMACY - 15
- Pharmaceutical Analysis - 15

ONLINE REGISTRATION FREE

INSTRUCTIONS

- All the B.Pharmacy III & IV year and M.Pharmacy students can attend the test.
- Fill the registration form correctly
- Register by using valid Email ID and QR Code
- Exam will be conducted online
- Test will be conducted as per the GPAT recent syllabus.
- Result will be sent to the registered email address
- E-Certificate will be provided to all the participants

Convenor: **Dr. M. KIRANMAI** Vice-Principal
Organizer: **Mr. P. SUDHAKAR** Dept of Pharmacology

St. Pauls College of Pharmacy had conducted GPAT Mock Test to sharpen the minds of the students and make them prepare better for the exam. These tests have assisted the students and helped them to concentrate more on the areas of improvement and were useful to reduce the exam pressure.

BEYOND CLASSROOM

NIN VISIT (ICMR) 24TH FEB

Students of our college had visited ICMR, National Institute Of Nutrition and participated in Indian Science Week Festival 2022 as a part of Azadi Ka Amrit Mahotsav.

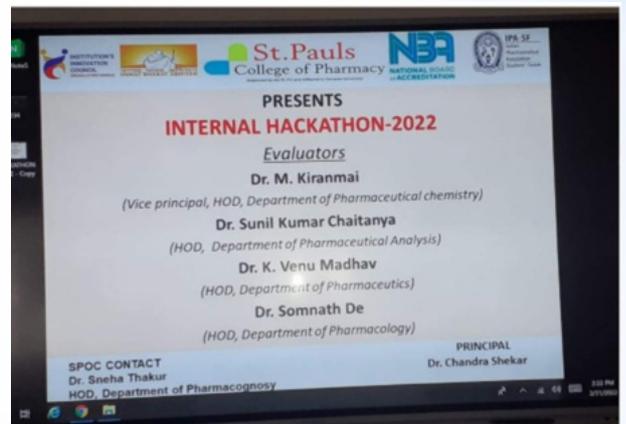

Being organized as part of the 75th year of Independence- 'Azadi Ka Amrit Mahotsav', It is being led by the Ministry Of Culture and the office of the Principal Scientific Advisor, Government of India.

As a part of the festival, the ICMR-Nin had displayed, posters and live demonstrations for the benefit of students and common public by deputed science institutions. In addition, a book fair was organized that had showcased titles related to Science, Innovations, Biographies of scientists and India's freedom struggle. The visit was helpful for the students in expanding their knowledge in all aspects.

INTERNAL HACKATH

An Internal Hackathon was organized on 28th March 2022, in St. Pauls College of Pharmacy as a part of Smart India Hackathon 2022, a quality initiative by IIC, MHRD and MOE. 15 teams have presented their ideas and out of which 10 are short listed with the help of expert team of evaluators.

AWARENESS

WORLD FOLIC ACID AWARENESS WEEK (JAN 9th-15th)

St. Pauls College Of Pharmacy is keen in raising awareness on world Folic Acid Awareness Week, Every year (January 9th-15th this year) is noted on which outlines on importance of Folic Acid before and during pregnancy, whose deficiency may lead to neural tube defects, placenta abruption (placenta separates from uterus). When the baby is developing early during pregnancy, Folic Acid helps form the neural tube. Folic Acid is very important because it can help prevent some major birth defects of the baby's brain (Anencephaly) and spine (Spina Bifida). The neural tube forms the early brain and spine. Folic Acid Awareness Week has been recognized as a part of the CDC-Backed National Birth Defects Prevention Month Since January Of 1997.

NUTRITION SOURCES

- 1 Dark green leafy vegetables (turnip greens, spinach, romaine lettuce, asparagus, Brussels sprouts, broccoli)
- 2 Beans , Peanuts , Sunflower seeds
Fresh fruits, fruit juices
- 3 Liver ,Seafood,Eggs ,Fortified foods and supplements
- 4 chickpeas and kidney beans, breakfast cereals fortified with folic acid

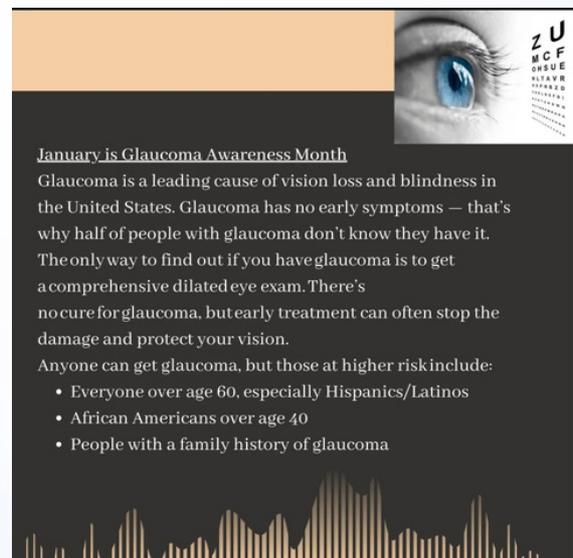

**"NOT ALL ACIDS BURN THE SKIN.
SOME ACIDS-LIKE FOLIC ACID BURNS THE
UNHEALTHINESS OF THE BODY"**

WORLD FOLIC ACID AWARENESS WEEK 2022
JANUARY 9th - 15th

NATIONAL GLAUCOMA AWARENESS MONTH-JANUARY

Glaucoma is the third-leading cause of irreversible blindness with nearly 12 million people affected and nearly 1.2 million blind from the disease. Risk is high for people above the age of 40. One in 20 Indians over 40, has Glaucoma or is in danger of developing Glaucoma in future. Glaucoma is called "The Sneak Thief of Sight" since there are no symptoms and once vision is lost, it's permanent. As much as 40% of vision can be lost without a person noticing.

5 GLAUCOMA GUIDELINES TO REMEMBER

- ✓ **More patients than ever**
Over 3 million people in the U.S. have glaucoma, and the number is rising.
- ✓ **Glaucoma can affect people of all ages**
Although generally associated with seniors, glaucoma can strike anyone since each person has their own level of eye pressure tolerance.
- ✓ **Demographics do play a role**
Glaucoma is a leading cause of blindness among African Americans; it's also highly prevalent in Hispanics over the age 65.
- ✓ **Is glaucoma hereditary?**
The risk of developing primary open-angle glaucoma is up to nine times more likely if parents or siblings have the disease.
- ✓ **Hope for future glaucoma patients**
Although there is no cure for any form of glaucoma, early diagnosis and treatment help control the disease and slow the process of vision loss or blindness.

HEALTHY HEART WEEK

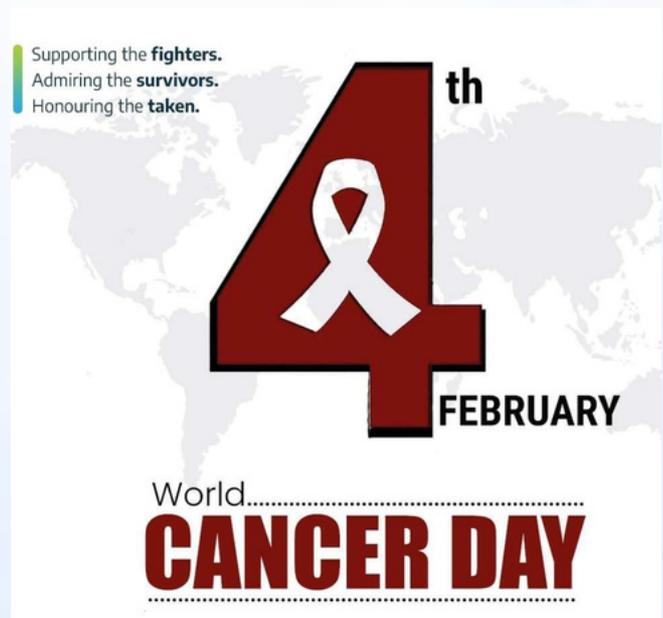

While the current state of heart disease in the May seem discouraging, the good news is that 80% of premature Heart Disease and Strokes are preventable therefore St. Pauls College of Pharmacy have come forward to help your loved ones maintain a healthy Cardiovascular System by keeping the ABC's top of mind by organizing an Awareness Program.

WORLD CANCER DAY 4th FEB

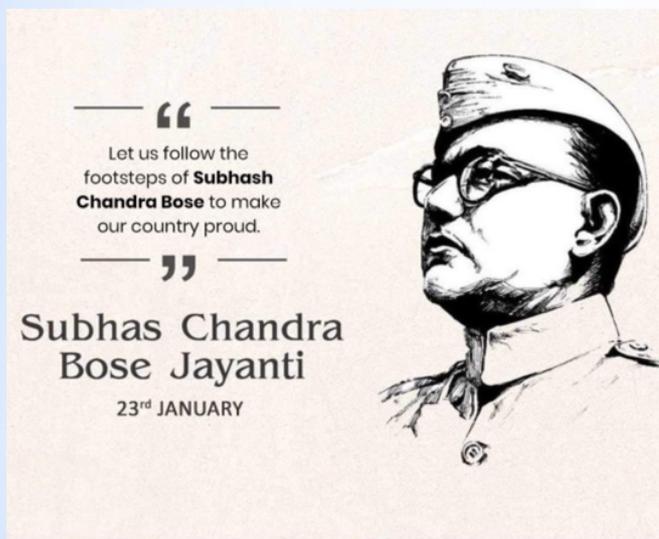

By raising awareness and education about Cancer on World Cancer Day, St.Pauls College of Pharmacy aims to prevent millions of deaths each year and pressing individuals across the world to take action against the disease. World Cancer Day is more than a day on the calendar. That's why our campaign is built to inspire change and mobilize action long after the day itself.

We know that every single one of us has the ability to make a difference, large or small, and that together we can make real progress in Reducing the global impact of Cancer.

CELEBRATIONS

SUBHASH CHANDRA BOSE BIRTHDAY 23rd JAN

Subhas Chandra Bose was an Indian nationalist whose defiance of British authority in India made him a hero among Indians. Also known as Netaji Jayanti, this is an important observance from St. Pauls College of Pharmacy where students remember his life and works. We train the students to imbibe the qualities of brainly, strength and straight forwardness.

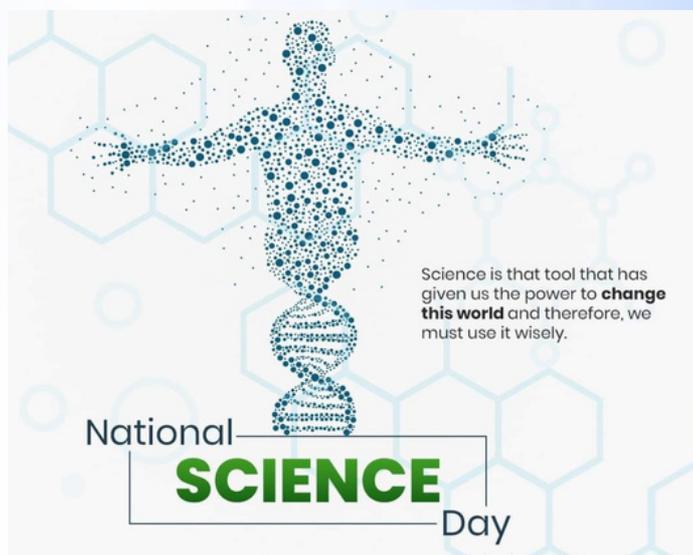

NATIONAL VOTERS DAY 25th JAN

The first-ever National Voters' Day was celebrated on January 25, 2011, to encourage more young voters to take part in the electoral process. St. Pauls College of Pharmacy wants student candidates to show up and vote to elect their leaders to rule the country. If no one votes, we may never get the right leader we want, which may lead to many issues like counts, and we must remember that our vote is our voice.

NATIONAL SCIENCE DAY 28th FEB

St.Pauls College Of Pharmacy had celebrated National Science Day to commemorate discovery of the 'Raman Effect', which led to sir C.V. Raman winning the Noble Prize to bring a positive example among students and motivate them in their career, and be one for the change happening.

INTERNATIONAL WOMEN'S DAY 8th MARCH

International Women's Day (IWD) is a global holiday celebrated annually on March 8th as a focal point in the Women's Rights Movement, bringing attention to issues such as gender equality, reproductive rights, and violence and abuse against women. As a part of International Women's Day on the theme "The health of women determines the health and well being of the nation" Live Yoga Session was conducted with the yoga expert and guru Ms. Usha Murthineni.

St. Pauls College of Pharmacy

REPUBLIC DAY 26th JAN

Republic Day is the date on which the Constitution of India came into effect on 26 January 1950. It differs from Independence Day, which annually commemorates the end of British rule on August 15, 1947. Republic Day is celebrated annually with a public parade along the broad Rajpath Avenue in New Delhi. It makes the discipline and organised planners to be carried by every citizen of the country.

NATIONAL WOMEN'S DAY 13th FEB

National Women's Day is celebrated on the birthday of Sarojini Naidu. She was born on 13 February 1879 in Hyderabad, India. Sarojini Naidu was a political leader and a poet who stood her ground strongly for the rights of Women And Civil Rights, and earned herself the title 'The Nightingale Of India'. To commemorate such great day, St.Pauls college has celebrated the day to remind the students, about the respect, love that need to show for women.

CONFERENCE/WEBINARS

INDO-US INTERNATIONAL CONFERENCE 21st & 22nd JAN

With an immense pleasure St. Pauls organized an Indo-US International Conference on “Recent Advances and Global Trends in Pharmaceutical Sciences” in association with APP on 21st and 22nd January. As the pharmaceutical world today is adapting newer technologies and practices for serving the base to the world. In order to endure the changes this conference offered Newer concepts and emerging ideas. This virtual conference included lectures by eminent personalities from abroad and India by

INDO – US CONFERENCE
A Two Day International Conference on
“RECENT ADVANCES AND GLOBAL TRENDS IN PHARMACEUTICAL SCIENCES”

CLUB ACTIVITIES

DEBATE CLUB ON 5th FEB

Debate club was conducted by the faculty coordinators Ms. B.Jyothi, Mrs. Y.Umarani, students were given with pharmaceutical and social themes to debate on it. Winners

- K.Srija - Pharm.D 1st year
- M.Anjali Joshi - B.Pharm 1st year
- C. Anirudh - Pharm.D 1st year

ROYAL PHARMACEUTICS CLUB

Students have actively involved in Pharmaceutics club where they shared information about recent advances in Pharmaceutics and Research exposures. It is organized by Dr. K.Venu Madhav and Ms. S.Soumya.

Winner

Ms. G.Pooja - Pharm.D 1st year.

ENTREPRENEUR CLUB

Entrepreneur club was organized by the faculty coordinator Dr. P.Sunil Kumar Chaitanya where students have got exposure to different entrepreneurships in Pharmacy field and other as well Students have shared the Pros and Cons of Entrepreneurship, and were given high and valuable information on being a new entrepreneur.

WOMEN CRICKET LEAGUE

Women cricket league was organized by the faculty coordinators Mrs. P.Jagruthi, Ms. B.Jyoti, Mrs. K.Deepika, Mrs. P.Naga Haritha, girl students have actively participated in teams. Encourage girls is our main motto.

<u>WINNERS</u> TEAM-E(B-Pharm 1st year)	<u>RUNNERS</u> TEAM-C(B-Pharm 3rd year)
